Splits, Multi Splits & VRF

JANUARY 2023 PRICE GUIDE SPLIT & VRF AIR CONDITIONING LINE UP

Notice for specifications

I.U. = Indoor Unit O.U. = Outdoor Unit Qu = Quiet * = Not decided yet

- Specifications and design are subject to change without notice for future improvement.
- For further details, please check with our authorised dealer.
- Cooling/Heating capacities are based on the following conditions.

Cooling	Indoor temp. : 27°C DB/19°C WB Outdoor temp.: 35°C DB/24°C WB	Heating	Indoor temp. : 20°C DB Outdoor temp.: 7°C DB/6°C WB
UK Cooling Conditions	Indoor temp. : 23°C DB/16°C WB Outdoor temp.: 30°C	UK Heating Conditions	Indoor temp. : 20°C DB Outdoor temp.: 0°C DB/-2°C WB

- Performance test is in accordance with EN14511
- Seasonal efficiency test is on accordance with EN14825
- Sound power test is in accordance with EN12102

Airstage Air Handling Applications - System Overview

The Air handling applications for the AIRSTAGE™ system is the Fujitsu general solution to the most demanding installations, where energy efficiency meets with the highest comfort.

The system is composed of AIRSTAGE™ outdoor units from 10 to 54 HP and Air handling unit for civil and industrial buildings for thermo-ventilation and air conditioning purposes, covering air flow ranges from 4,300 to 18,100 m³/h and cooling capacities from 25 to 96 kW.

Full comfort - The system offers full comfort and air quality in the buildings providing clean treated air thanks to the advanced filtration and balanced temperature.

Easy design and installation - The system is simple design and installation. No additional external kit is required as the Air Handling Unit includes DX-kit (Expansion valve and control PCB) AHU model selection is easy by using Selection Software.

Total solution concept - Integrating an Air Handling Unit into the total building climate system simplifies both design and installation procedures based on a single common technology. From project follow-up to installation, commissioning and maintenance, all procedures are simplified. There is a requirement for not more than one installer.

In addition to our Airstage Air Handling Unit applications we can also offer a range of other applied products, including

Air To Water

Close Control

Chillers

For further information regarding our range of applied products please contact appliedproducts@fgac.fujitsu-general.com

FUJITSU GENERAL SERVICES

Design Services

Put your charts and pens away and design your projects on your computer with ease using the Design Simulator. Everything from selecting indoor units and outdoor units, allocating controls and optional parts to designing the piping and wiring systems is made easier using the program's built-in features

Import your image of the floor plan, rooms and outlines can be added, room sizes can be calculated by using the simple scaling feature, giving detailed drawings, piping, accessories, indoor and outdoor positions are all detailed.

Once your project is designed take advantage of the Export functions to easily get materials lists, product specifications, refrigerant calculations and more – it'll even export to Word, Excel & PDF formats, and group the relevant CAD data for your project

At Fujitsu we offer a bespoke design service, tailoring your VRF selection to your specification. The service is available from one of our Distribution Partners or from your local Fujitsu representative.

Technical Support

The Fujitsu technical team have many years of both industry and product knowledge. All enquiries are handled in a timely manner, with over 90% of calls being answered in less than 20 seconds. Our technical team can be contacted by

Phone: **0208 731 3431**
 Email: technical@fgac.fujitsu-general.com

Mobile Technician By FUJITSU GENERAL LIMITED

Fujitsu's Mobile Technician App provides basic error information as well as detailed troubleshooting flow charts, pressure/temperature conversion table and sensor voltage/resistance values

Site Support

Fujitsu offer nationwide site support when needed. Including diagnostic work, installation guidance and commissioning. All of our engineers are F-Gas certified, CSCS registered and have completed all Fujitsu training courses, they also have many years site experience.

All work is guaranteed and backed-up with a detailed site or commissioning report.

Fujitsu have extremely useful diagnostic and commissioning tools for split/multi and VRF systems. Our VRF Service Tool software is the most detailed and easy to use. From room temperatures to superheat values, it tells you everything you need to know.

Strip and Rebuild

Access to roof space and plant areas can be restricted, and closing a road for crane access sometimes is not possible or feasible. Our Fujitsu engineers can dismantle an outdoor unit to suit your requirements, whether it is dismantled to fit an opening, or dismantled to component level.

Fujitsu Webstore

With detailed unit specifications and extensive sales and technical documentation to download you can ensure you have selected the correct system for your application. The site is also equipped with a handy compare function to easily identify the differences between units.

Interactive spare parts lists also ensure you select the correct replacement part and are available 24 hours a day, 7 days a week.

Scan the QR code opposite to visit our webstore now.

Product Warranty

The 7-year product warranty offered to Fujitsu General Air Conditioning (UK) Ltd customers ensures all Fujitsu cooling and heating equipment (including options and accessories) are free from manufacturing and material defects for a period of 7 years, assuring both you and your customers during the warranty period all parts are covered, and claims are processed hassle free.

Fujitsu provide various training courses covering Design, Installation, Service, Commissioning, and Service tool training on all our products. We have online and face to face live training throughout the UK. We also have a very experienced technical team that is on hand with support on trouble shooting, they will also be able to give you a call reference on request for any warranty claims.

Customer Services

We have an experienced and industry award winning customer services team. Our staff have extensive product knowledge, successfully completing both industry and Fujitsu courses.

The Customer Services team is your one stop shop for quotes, orders, deliveries, returns, warranties, special requests, logistics, product information and speedy, knowledge based service with a smile.

Units

Our leading logistics partner, XPO, have a large fleet and lengthy experience with AC manufacturers, enabling us to meet your delivery requirements.

Delivery Service Times*
Next Day Standard: 08:00 – 17:00
Other delivery options available on request

Phone: 0208 731 3450
Email: units@fgac.fujitsu-general.com

Spare Parts

With over 4,000 lines of spares parts stocked in the UK and a European network of Fujitsu suppliers, we are able to provide efficient solutions for you.

Delivery Service Options*
Next Day, pre 12PM, pre 10AM
Other delivery options available on request

Phone: 0208 731 3450
Email: spares@fgac.fujitsu-general.com

Our courier partner, Palletways are a leading supply chain partner to blue-chip companies across every major industry, with a sole focus on freight transportation. With an extensive network of nationwide locations and experienced team members helps shippers manage their supply chains most efficiently, using their advanced technology for the movement of goods.

Comfort Club

The Comfort Club is our rewards based scheme, which is managed in-house, with our high standard of customer service, designed to benefit our customers by providing tangible rewards based on their spend.

Our members receive 2% of their spend on Fujitsu Product back to them by way of rewards vouchers.

We also now provide vouchers for the new Marketing website for customers to purchase Fujitsu branded and Dual Branded items

Phone: 0208 731 3450

Notice regarding specifications

I.U. = Indoor Unit O.U. = Outdoor Unit Qu = Quiet * = Not decided yet

- Specifications and design are subject to change without notice for future improvement.
- For further details, check with our authorized dealers.
- Cooling and heating capacities are based on the following conditions:

Cooling	Indoor temp. : 27°C DB/19°C WB Outdoor temp.: 35°C DB/24°C WB	Heating	Indoor temp. : 20°C DB Outdoor temp.: 7°C DB/6°C WB
---------	--	---------	--

- Performance tests are conducted in accordance with EN14511.
- Seasonal efficiency tests are conducted in accordance with EN14825.
- Sound power tests are conducted in accordance with EN12102.

UK Capacities are based upon the following

- UK Cooling (Total / Sensible) 23°C DB/16°C WB Indoor 30°C Outdoor
- UK Heating 20°C Indoor, 0°C Outdoor
